Jan Kirenz

Professor
HdM Stuttgart

I'm a Professor at HdM Stuttgart, where I help students and organizations to learn and use data science, statistics, and machine learning with Python and R programming to extract meaningful information from data. Please feel free to contact me if you are interested in data science seminars or data science consulting.

Interests

- Data Science
- Machine Learning / Statistical Learning
- Programming in Python and R
- Data-Driven Decision Making
- Digital Marketing & CRM

Education

- 🎓 Doctoral Program in Business Administration & Quantitative Methods, 2010
Graduate School of Business, University of Zurich
- 🎓 MSc in Business Administration (Operations Research & Quantitative Marketing), 2007
University of Tübingen
